CANADIAN VIRTUAL SCHOOL

OUR SCHOOL

We are an online private school offering High School courses for the Ontario Secondary School Diploma authorized by the Ministry of Education in Canada.

We're proud to teach the world-respected Ontario Curriculum; we offer courses in social science, mathematics, science, English, and business.

Complete your OSSD online, and apply to universities in Canada, The United States, Australia, Japan, Hong Kong, England and more!

OUR ESL PATHWAYS

After you successfully complete the five levels of ESL, you will be ready to take English Grade 11, University preparation course, among other courses required to earn your Ontario Secondary School Diploma. Additionally, you will have the option to earn credits of specific career fields in preparation for careers in **business**, **science & engineering**, and **humanities & architecture.**

Reading Course Codes

Every course in the Ontario Curriculum has a five-character course code. Once you complete your ESL Levels, you will need to identify University preparation courses in order to pave your pathway towards the Ontario Secondary School Diploma.

Let's learn how to understand the basics of course codes:

The first letter represents the course's department area:

B=Business
E=English **M**=Mathematic
S=Sciences
C=Canadian & World Studies

Grade:
1 = Grade 9
2 = Grade 10
3 = Grade 11
4 = Grade 12

M=University/College
O=Open
U=University

CANADIAN UNIVERSITY AND COLLEGE INFORMATION

These are the top universities and colleges in Ontario. **Click the logos to view the academic universe that Canada offers students from all the world.**

Australian National University

Queensland University

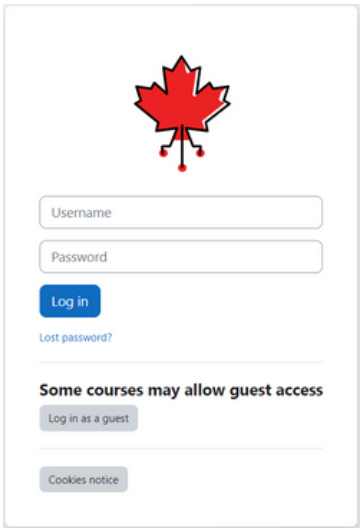

University of Toronto

LOG IN AND ACCESS YOUR COURSES

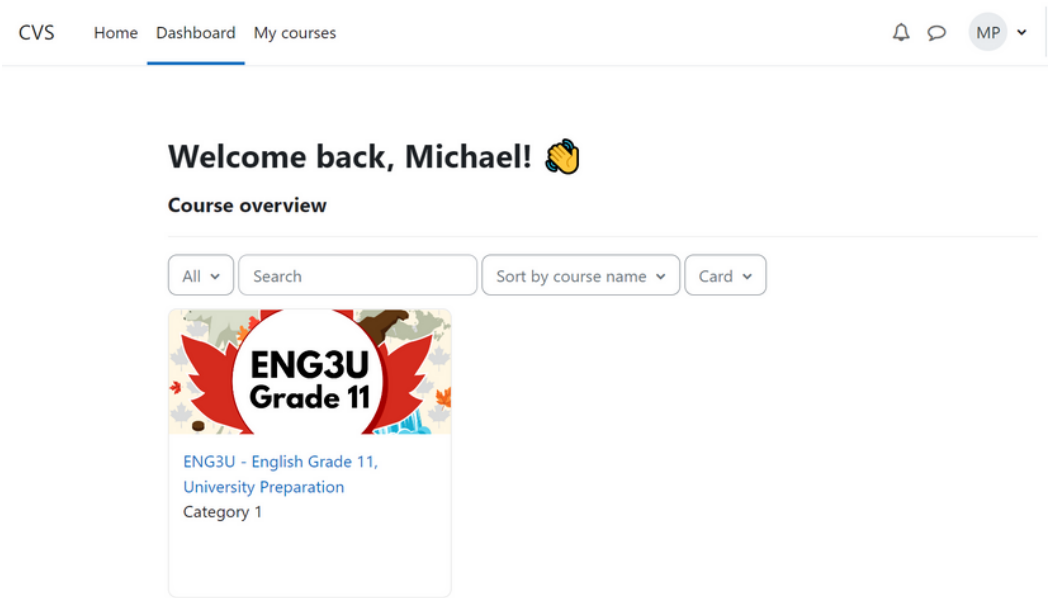

How to Log in and the Dashboard

1. Go to ***www.canadavirtualschool.ca***

2. Log in with your username and password.

3. In the 'Dashboard' you can find and access the courses you are enrolled in, and your percentage of completion. Sometimes, the dashboard is a red button, as shown below.

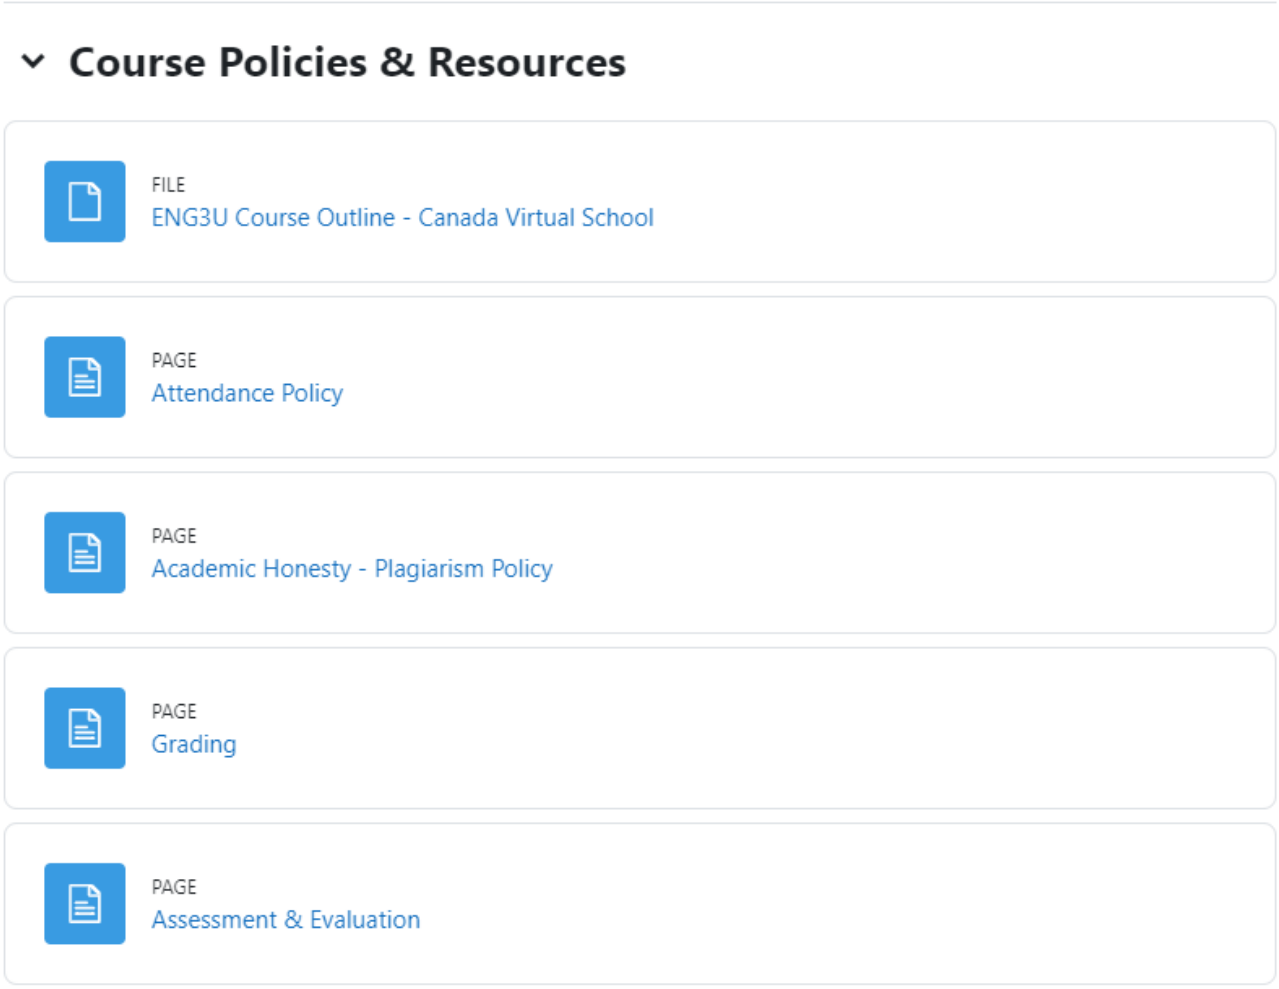

COURSE POLICIES

Locating Course Policies

1. Go to your dashboard and access your course.

2. Below the banner of the course, you will find **Course Resources**, by clicking this Topic, you can find important information about the course, such as the **Course Outline**, Academic Honesty and Plagiarism Policies, and key information you should read.

USING THE STUDENT LOG

The Student Log is an *Essential document* used to track your learning progress.

1. Below the course banner, you will find a downloadable Excel document titled **" Student Log."**

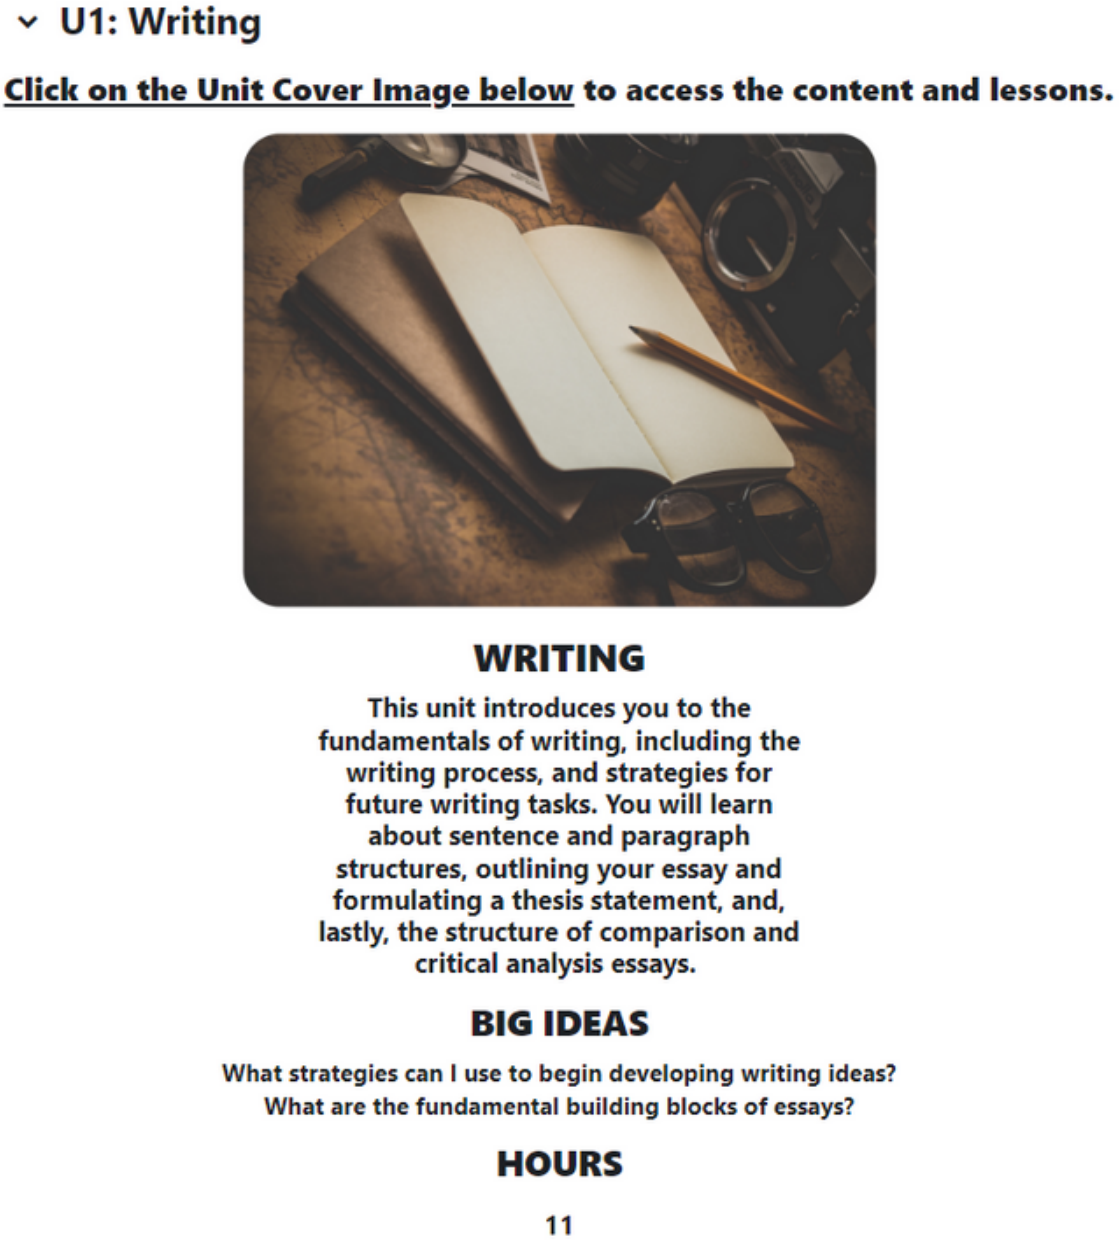

2. Download the document, and update it regularly while you complete the various course activities.

COMPLETING YOUR COURSES

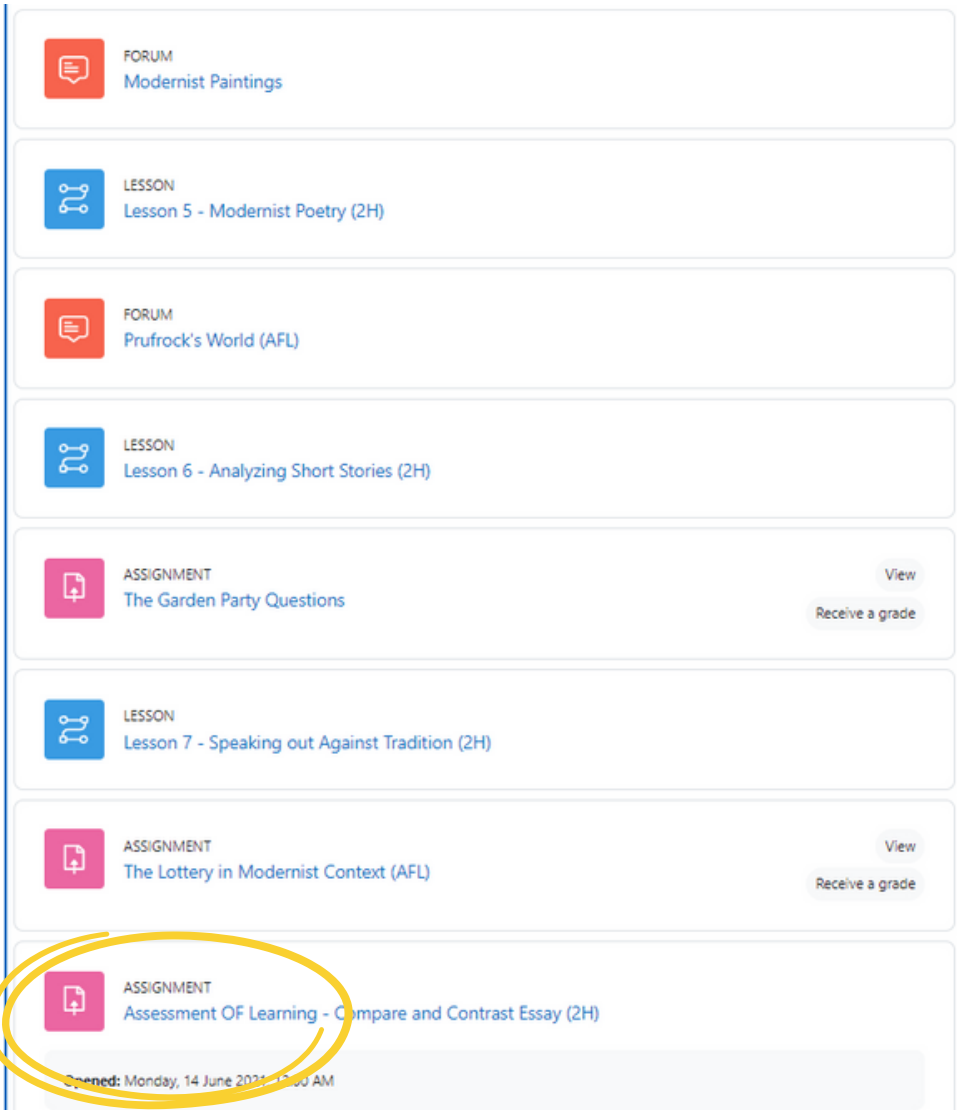

Navigating the course

The first section of the unit contains the unit image cover, the unit description, the big ideas, and the unit duration.

COMPLETING YOUR COURSES

2. Your course contains various types of assignments, including formative assessments, lessons, quizzes, and evaluations. All activities must be completed.

Assessments Of Learning are *evaluations.*

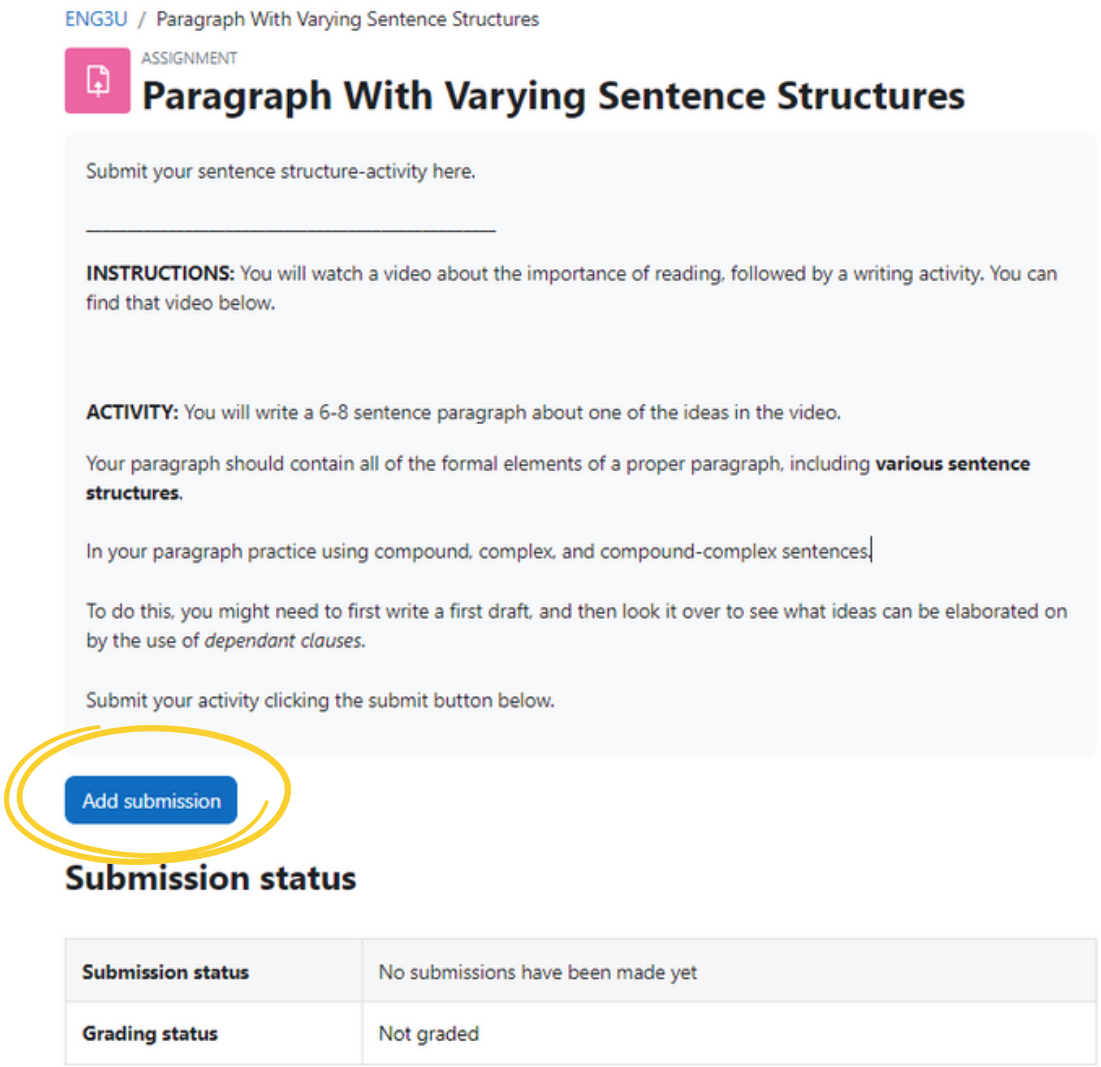

These are graded activities, **and count towards your final mark.**

COMPLETING YOUR COURSES

3. Submitting an assignment (AFL/AOL)

Accessing the activity pages, will show you instructions on how to download and submit your assignment.

You can either print your worksheets and write by hand, or type on the pdf or .docx directly. If you did it manually, take a picture with your phone and submit your worksheet files by clicking the **Add submission** button.

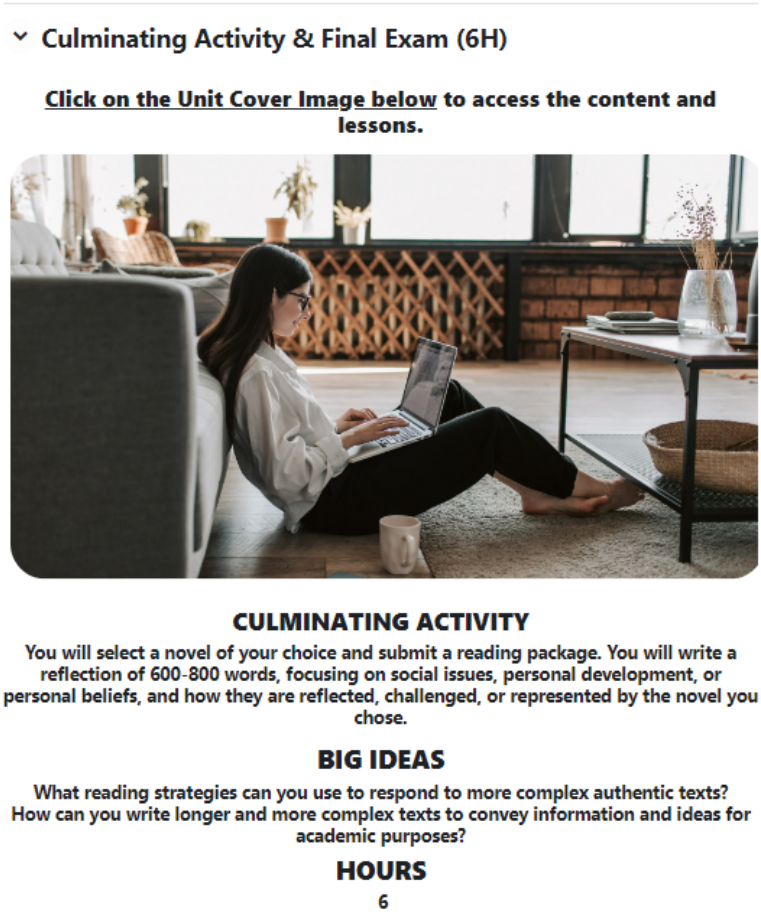

COMPLETING YOUR COURSES

Course Completion - Final Exam & Culminating Activity

A final exam and the culminating activity are your final steps towards completing a course.

In order to set a date for your final exam presentation, you must send a message to your teacher, notifying that all the units of the course have been completed and that you are ready to take the final exam.

The teacher will arrange your final exam session within 48 hours of receiving your message.

IMPORTANT POLICIES

Attendance Policy
The school does not mandate you to log in a certain amount of hours or days per week. However, you are expected to complete work on a regular basis. Repeated delays in completing lessons and submitting work will result in follow up emails from administration explaining the consequences of delaying online work, and the possible effects to your education and career goals.

Academic Honesty
When academic dishonesty is found in any assignment will result in a re-do, and the school will take swift action to educate you on the consequences of academic dishonesty and the proper way to work with other people's ideas, including the benefits of using sources in your work.

Student Logs
You must document the time you have spent working on course materials in your student log on an ongoing basis.
